Seniors

Senior Class Officers

The Bi-Centennial class of 1976 is rumored to be one of the most organized Senior classes ever attending Del Valle. Most of the big decisions the class had to make were made in the fall leaving the rest of the year for everything to fall into place.

Homecoming week found the Seniors showing their "Spirit of '76" by winning the hall decorating, skit, and float contests. The Senior float, a locomotive train, won first prize as well as showing up the other class floats quite nicely. Friday morning of Homecoming week, many Del Valle students found the administration hall to be a train tunnel complete with a track down the middle and stop blinkers! In the Senior skit, the characters came alive and held the audience spellbound!

The Seniors sponsored many exciting activities this past year and many fund raising activities. Every Senior helped to make these activities a success, and a highlight was held on May Day (night). On May 1st, Seniors found themselves at the Senior Ball, dancing to the tunes of "Bold Truth" at the St. Francis Hotel in San Francisco. The Senior Ball was a great success, and a Senior Breakfast followed the enchanting evening.

Graduation will portray America's 200 year birthday with Seniors dressed in Red, White, and Blue robes. After graduation the Senior All-Nighter is planned to be held at Marriot's Great America.

Although the Seniors are anxious to graduate and move on to future goals, they will always look back on their experience at Del Valle, and the "Spirit of '76" will long be remembered!

IN CONGRESS. JULY 4, 1776.

The unanimous Declaration of the thirteen United States of America,

WHEN in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to subject them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for public good.

He has forbidden his Governors to pass laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time after such dissolutions to cause others to be elected, whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures.

He has affected to render the Military independent of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing Taxes on us without our Consent:

For depriving us in many cases, of the benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended offences:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

For suspending our own Legislatures and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

WE, THEREFORE, the Representatives of the UNITED STATES of AMERICA, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT States may of right do. AND for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

America officially began in 1776,
But the dreams of America started long before that.
The dreams of freedom were in the minds of men,
Men like Washington, Jefferson, Hancock, Franklin, Adams.
They all had a dream of freedom,
Dreams to do as they please, to say what they want,
To worship whoever they wanted, that made America.
But, this freedom they dreamed of was not easy to attain,
For England was big and strong, and America was small and weak.
What chance did America have, when all it needed was 3000 miles away in Europe?
But it was not the industrial output of Europe which gave America its freedom,
It was the men and their dreams, and the determination to attain those dreams,
That made the difference.
It was the dream of freedom, and the desire to grasp that freedom,
That set us on, our
Paths To The Present

The Prime of Miss Jean Brodie

The PRIME OF MISS JEAN BRODIE was a warm hearted drama with all the talent necessary to complete a dramatic production with this much intensity. Karen Allie played Miss Jean Brodie with all the touching strength due the role. Eric Mewes and Larry Hilton were extremely convincing in their roles as Jean Brodie's lovers.

Lindsay Parker, Donna Dunlop, Cindy Collinson, and Kathy Hite played the girls that Miss Brodie taught and loved at the boarding school. Her prime came to a sudden end when one of the girls turned her into the head mistress (played by Julie Voight) for sending one of the other girls off to war where she was killed.

1) Bill Fores interviews Julie Johnson. 2) Karen Allie is insulted by Larry Hilton. 3) The Brodie girls admire paintings at the museum. 4) Anne Lewis is startled by a sudden outburst from Jean Brodie. 5) Julie Voight discovers a slanderous letter about Jean Brodie. 6) Lindsay Parker, Donna Dunlop, Cindy Collinson, and Kathy Hite attempt to fulfill their dreams of becoming opera singers.

The sophomores are having troubles beating a very disorganized junior team.

Sue Miner and Cynthia Randolph go through another spirited cheer.

Dave See and Dennis Kilian are entranced by the beautiful women.

Although we had few rallies this year, the cheerleaders managed to make them a success. Some of the highlights of the rallies were: Slides of the athletes when they were young; class competition tug of war; and a pie throwing contest, basketball players vs. wrestlers.

"Congratulations you've just been picked to receive the Cheerleader of the Rally award."

Danna Goatley and LeeAnn Ruff succeed in making the crowd roar.

This year the A Cappella did "Fiddler on the Roof", as their musical. The musical was directed by Cherrill Welker, and the Student Director was Julie Voight. The story is about a dairyman, Tevye (Todd Rich), and how the traditions of his people keep on being changed. Tevye has a wife named Golde (Robin Mills), and five daughters. Yente (Sandy Hulitsky) plays the busybody matchmaker who tries to match Tzeitel (Pam Perkins) with the butcher, Lazar Wolfe (Rich Mickaels). She wants to marry Motel (Ted Mills), the honest Tailor. Tevye's daughter Hodel (Donna Dunlop) ends up marrying Perchik (Larry Hilton), a revolutionary from Kiev. Then Chava (Julie Voight) marries out of their faith when she marries Fyedka (Bob Fores), a Russian soldier. The traditions of this little village keep on being questioned. Until finally the Rabbi (Knute Snortum), decide that it is time to leave, for each family to go it's own way.

1) Motel is now asking for Tzeitel's hand in marriage. 2) Yente is telling Golde about the match she made for Tzeitel. 3) Chava learns at a young age to help around the house. 4) Hodel and Chava are singing "Matchmaker", and wondering what sort of husbands she (Yente) will bring. 5) Tzeitel is learning the trade of being a homemaker. 6) Hodel takes time out to embroider.

Radio Club

The F.M. Club was started 3 years ago by Scott Burnside, and consists of students interested in F.M. or A.M. radio broadcasting. At the moment they only play music over the P.A. system, but with some hard work they should be on the air.

The Amateur (Ham) Radio Club consists of students licensed under F.C.C. rules and regulations. The Ham Radio Club is interested in nationwide as well as worldwide communications. The F.M. Club and Ham Radio Club together form the D.V. Radio Club, and is always interested in expanding its membership and encourages all others interested.

Members: Jamie Diaz, Don Fitchet, David Haydon, Steve Lagrandeur, John McCormack, Andre Napier, Steve Pietkeiwicz, Jacob Pollock, Jay Shindell, David Talbert.

Model United Nations Club

Model U.N. was a very active club this year. Its members participated in a Mock Security Council at Miramonte High School, representing the U.S.A., France, Tanzania, and Mauritania. Some members went to the U.C. Berkeley conference, representing Uganda and Chad, while others went to a conference in Washington D.C., representing Zambia and Italy. The money to go to these conferences was raised by doing many fundraising activities including shelling walnuts, bake sales, car washes, an international dinner, working in the community garden, and the second annual Elf Day.

A very eventful year kept the class of '77 busy on many projects. After two years of being branded as underclassmen, the Juniors were glad to be finally known as upperclassmen. The spirit and enthusiasm of the Junior Class was well portrayed by the hard working class officers. With smiles of confidence, the juniors were prepared to tackle the many fund-raising projects and class activities characteristic of Del Valle juniors. During Homecoming week, juniors were kept busy with "Funny T-Shirts and Jeans Day", and a unique Pie Eating skit. The junior float entry, a rocket ship, proves that the class of '77 is really a "blast".

The paths of freedom are many and varied.
To some, freedom meant adventure, to others expansion, to still others, a new start.
Adventure to unknown lands, expansion into the undeveloped, a chance to begin life all over.
Names like Boone, Carson, Bozeman, and Bridger
Led people on their paths of freedom.
Some tried their hand at the dry diggins for gold,
Some homesteaded, taming the wild land for their use,
For many, expansion meant a new place, a new start on life,
To forget the past and all its failures, and look to the future and all its dreams.
It was not easy to meet these dreams though;
Heartache and hardship provided constant barriers.
But were their dreams to be denied?
Surely not, for their dreams of wealth, adventure, and beginnings
Bore no more obstacles than their forefather's dreams of freedom.
These obstacles were to be met with the same determination and grit that their predecessors used.
The spirit was there, and surely it could not be denied,
For this was a time to further our travels on the
Paths To The Present.

Varsity Football

Despite the slow start, the Trojans finished a winning season of 6 wins, and 4 losses. With only 10 returning varsity seniors, the Del Valle football team did not have much experience to fall back on. With hard work and good coaching, the Big Red Machine pulled out another exceptional year. After a couple of slow starts against Pacifica and Alhambra, Del Valle came back in it's third week of league action to defeat Acalanes in a close contest. The team's upsetting loss to Campolindo sparked an exciting four game winning streak, including an exstatic Homecoming against Las Lomas. The Varsity Football team came in fourth place in the league standings, and can be recognized for the individual club stand outs such as linemen Jeff Phillips, Mike Farrell, Paul Lewis, Jim Stalker, with All-League backs Scott Meader, Matt Angius, and Jim Farnsworth. With so many returning men for next year, Coach Finn is looking toward an exceptional '76 season.

This year saw the 1975 Freshman Football Team become champions of the FAL. When you are the number one team in the league, you must have good reasons and those reasons are 29 hard-hitting, hard-running, and hard-working freshmen football players.

Like all outstanding teams you are bound to have a few players that have exceptional skills and desires. Joe Cummings, one of the team captains was voted the M.V.P. of the year. Bryan Michelsen, was the other captain, and he was given the coach's award for his outstanding running ability. Robert Tracewell, quarterback of the team, received the coach's award for his passing ability, and Matt Gersper received the "Hustle Award" and that says it all.

Each member of this team should feel very proud of their accomplishments. For they have the winning spirit that can carry them throughout their high school football career.

"Champions of the F.A.L."

The Del Valle Trojan soccer team captured its second championship in a row. Last year the Trojans tied with Miramonte, only to return this year to take the honor by themselves. The year began bleakly with only four seniors trying out for the squad. Though a young team, it proved to be quite talented as they made their appearance known by re-capturing the annual Tracy High School Tournament. Two honors were bestowed upon the Trojans as Dave Giacoma earned the Top Offensive Player, and Henry Foulk earned the Outstanding Goalkeeper of the Tournament. During the F.A.L. Cup Tournament, Del Valle finished a respectable fourth place with Rick Tronvig earning a spot on the all-tourney team. The Trojan booters outlasted all the other F.A.L. teams with a 7-1-2 record earning them the Championship. After capturing the F.A.L. title, the Trojans traveled to San Francisco to compete in the Tournament of Champions. The first game matched them against a tough Mission High team. Mission played up to their name too, as they beat Del Valle 2-0. Del Valle then played Santa Rosa and lost a squeaker 4-3 in the last 30 seconds of overtime.

THE VARSITY BASKETBALL TEAM had a successful season this year despite the lack of height and experience. The overall record was 15 wins and 12 losses. The league record was however, 10 wins and 3 losses. The Trojans started the season with the Del Valle Invitational Tournament; which they lost to powerful Campolindo in the final game for the championship. The team came back to start the F.A.L. league season with 3 wins against Pacifica, Alhambra and Piedmont. The Trojans lost a squeaker to Liberty by a slip of the time-keeper's hand. The team continued to play well with good overall hustling and outstanding defense; finishing with a respectable third in the F.A.L.

The team was led in performance by Allen March with outstanding rebounding and scoring, Calvin Cedarleaf with scoring, and Dave See with overall good hustling. All in all the Varsity Team showed great enthusiasm, spirit and team work.

The 1975-76 Junior Varsity basketball team finished a successful season with a ten win, eight loss overall record. League standings found the Junior Trojans with a seven win, six loss record for a very respectable fourth place finish. Hustle, good spirit, and a very good calibre of play characterized this year's team. Led by captain Clay Book, Most Valuable Player Dan Steffe and Most Improved Mike Ruff, the J.V.'s continually exhibited a brand of basketball that made them a highly regarded team by all of their opponents.

THE DEL VALLE FRESHMAN BASKETBALL season can only be regarded as successful and spirited. Their 9 wins against 6 losses showed that they made a good showing for there school. The highlights of the season came when the mini Trojans almost upset the undefeated Campolindo Cougars in their own gym. The final score was 36-40. This victory really told the tale of how well the Frosh played this year. Other victories that proved the teams proves were the 41 to 36 win over a strong Acalanes Don team and a big one point win over a super Liberty Lion team 36 to 35. They also had their rough spots with a 1 point loss game to Las Lomas, the division champion, but through it all the 1976 Freshman basketball team can look back on a good season with a promising future to look forward to.

The paths swung from the land to the machine.
The life of the land was hard, slow and cruel,
And man turned to the machine for help.
Americans had, for too long, looked to Europe for the means of production,
And now men with inspirations of industrial growth and development
sprung forth.
For the original dream of freedom, and its realization, had led many
others to dream;
Rockefeller, Carnegie, Morgan, and Vanderbilt all had the dreams of
growth.
These men had to start from literally nothing to achieve their industrial
dream,
But America was tired of being a second rate nation because she was made
up of land dwellers.
This would change now, though slowly and painfully, but
Had not the other dreams of the past been agonizing?
Much sacrifice had to be made, many hardships endured,
And once again, it was not the physical which achieved this growth,
It was the minds of men, the desire to strive forth and not be denied.
The spirit of determination and ultimate victory has led us all along the
Paths To The Present.

Sophomores

Sophomore Class Officers

This year's sophomore officers provided leadership to a class that has much promise. The sophomores sponsored the very successful "Wheels Day" during Homecoming. They proved to be quite strong when they defeated the seniors in the tug-of-war contest. The class added many ideas to improve the school. In the years to come, the sophomores should provide much excitement and spirit to Del Valle.

The sophomore officers this year were:

1) President: Tom Wagner
2) Vice-President: Lindsay Parker
3) Secretary: Tammie Stager
4) Treasurer: Ann Turnquist
5) Social Secretary: Stephanie Arbogast

The paths of freedom led to an old, previously used path,
The path of Discovery and Creativity.
Men's minds were free to discover, to create, to invent.
This path was created many years earlier, during the Renaissance,
But had been forgotten during the struggle for freedom and survival.
Now with freedom firmly in grasp, man could release his mind,
Man could once again devise the new.
Edison, Bell, the Wright brothers all turned their minds loose to the
dreams of the long forgotten.
The dreams were real, but their conception was not,
For what they dreamed of had yet to be created.
The other dreams had been achieved, somewhere, somehow, sometime,
But these dreams were solely of the mind.
This was a great hindrance, but had men not leaped these barriers before?
So now it was time again for the drive of accomplishment to be implemented;
It had worked before, so many times, on such a grand scale,
That it would not be denied.
So the power of the mind, which had led us through the dreams
And into the land of reality,
Now journeyed forward to its last stop on the
Paths To The Present.

Faculty

Administration

TO THE CLASS OF '76:

It is difficult enough to write notes for each yearbook, but for you, the class of '76, it is doubly difficult since it is hard to express what is in my heart. But you should know that your class, of all the classes preceding it, has set things aright.

A few years ago, students, parents, teachers were expressing some negative feelings about Del Valle. Usually, the complaints were more general than specific. For the past year or so there seemed to be indications that feelings were changing for the better. The real big change, however, has occurred this year. You, as a class, have set about to speak out about what is good at Del Valle. This is not to say anything is being sugarcoated or swept under the carpet. But your position, your posture, your collective voice says, "Hey, we've got a good school and we are a super class." All I can say is AMEN! Del Valle is great and you are, indeed, a super class, Thank you for everything you have given. I hope what you have received is of the same magnitude. Not only is Del Valle grateful, but you can bet, that I am too. Good luck and Godspeed.

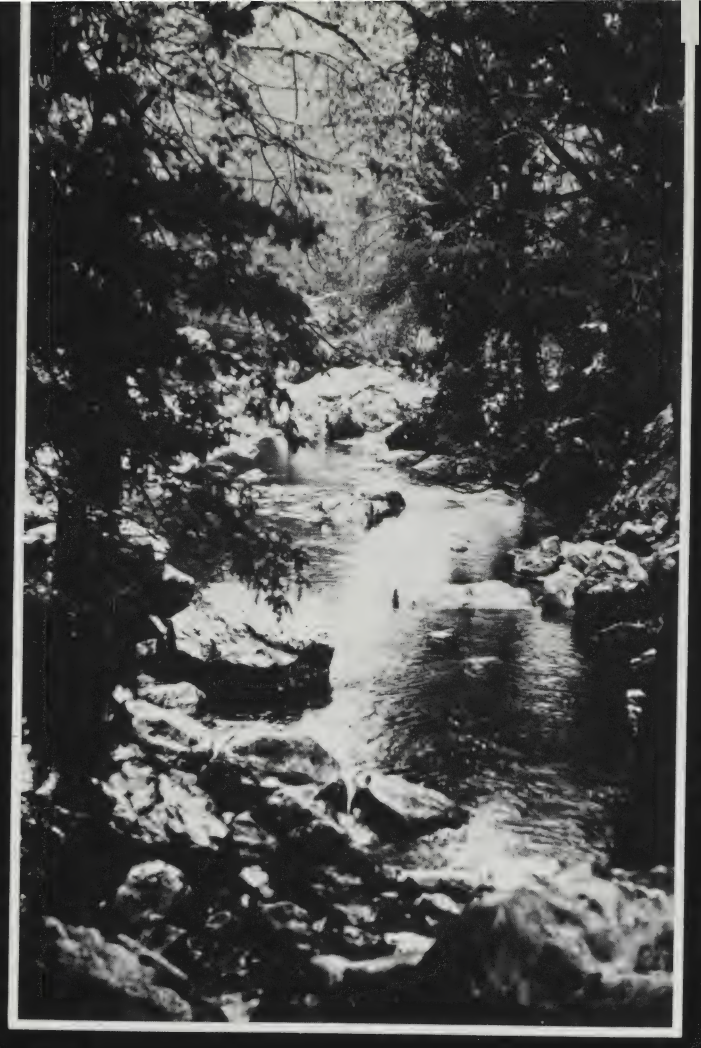
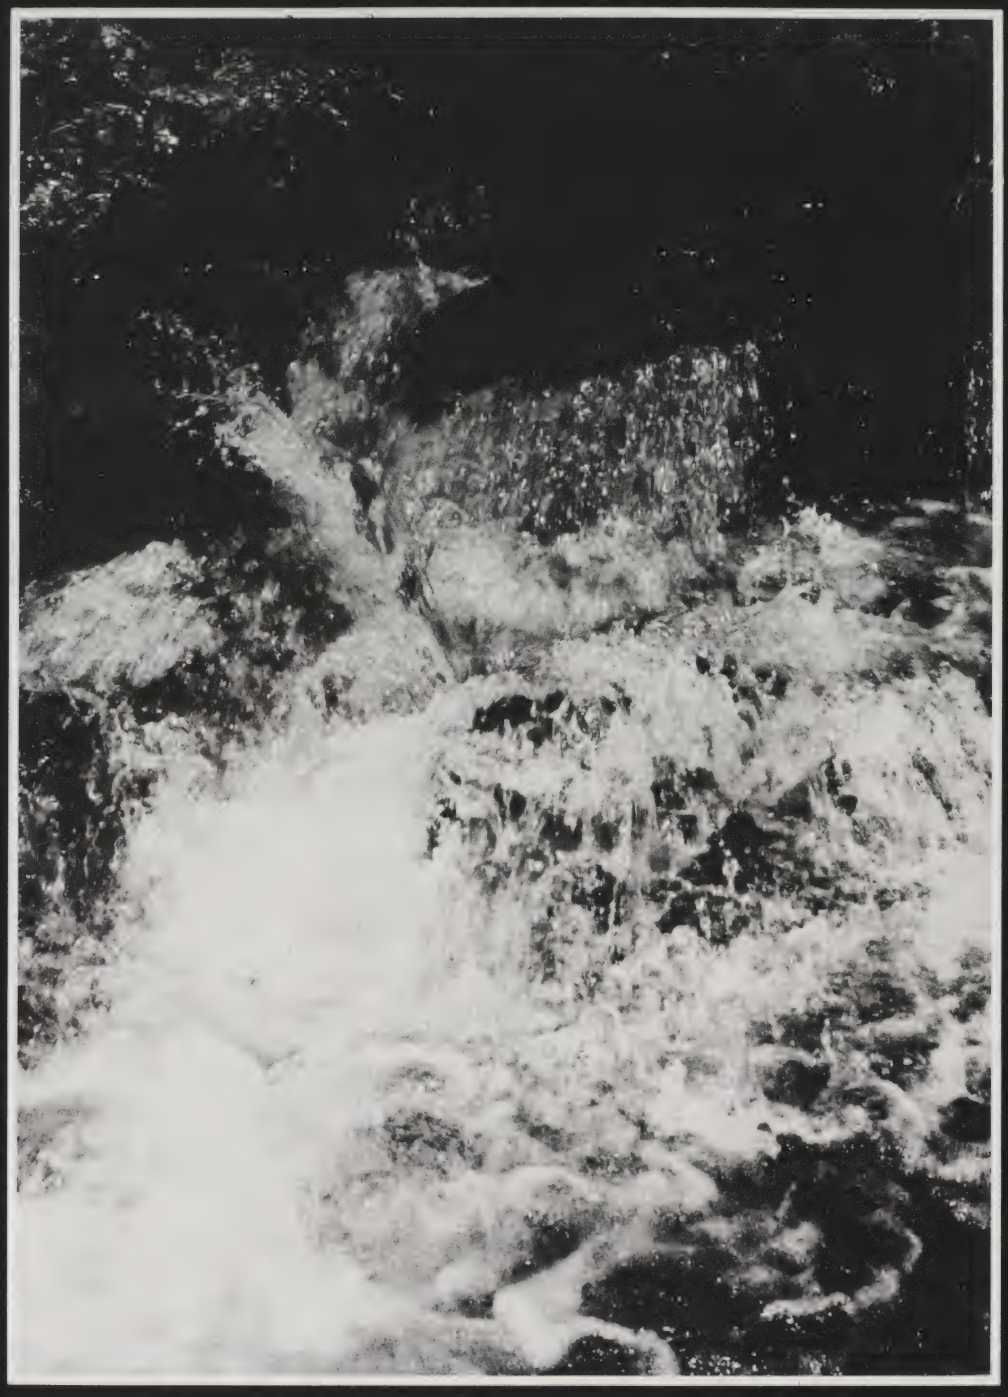
Then new life presses out
from every growing thing . . .



fulfilling our trust,

renewing our faith



That this has always been,
That this will be again . . .

SPIRIT
OF '76

The paths have now traveled their courses,
They are in the present, the now.
America has its problems, as any other country.
There is political unrest and scandal, civil strife, hunger,
the generation gap,
And many others, too numerous to name.
People might say, "With a present like this, why look to the future?
Would it not be simpler to hide in the 'good old days' of yesteryear
And not hear of today, or see tomorrow?"
But I may ask, "How can this be?"
America thrives on adversity, on the hard road, on accomplishing the
unaccomplishable.
Was it not our forefathers 200 years ago, that, with a handful of
farmers, defeated the strongest army in the world?
Was it not our ancestors that moved West, despite the nearly
insurmountable odds?
Was it not our predecessors that built the largest industrial complex
conceivable from scratch?
Was it not our patriarchs that created the not yet
created?
It was their dreams that made us great.
They dreamed of how good life could be, and strove to achieve it.
Look to the future with dreams, and strive for them,
Rather than looking at the present and criticizing it.
Our obstacles are not nearly as high as theirs,
So look to the past, not for nostalgia,
But for inspiration.
The determination and drive they strove with
Is now innate to America.
All we have to do, is want it bad enough.

"... and there ain't nothing more to write about, and I am rotten glad of it, because if I'd 'a' knowed what trouble it was to make a book I wouldn't 'a' tackled it, and I ain't a-going to no more. But I reckon I got to light out for the territory ahead of the rest ..."
